Location: Amman, Jordan | [LinkedIn](#)

### Objective:

Motivated student in Management Information Systems (MIS) with a strong background in volunteer teams, where I showcased exceptional skills in video production, organization, leadership, teamwork, and even delivered lectures on some subjects to university students. Additionally, I executed a project in digital marketing, earning a certification from the Hashemite University for its successful implementation. I am enthusiastic about further learning and applying my knowledge and skills towards the organization's objectives. I aspire to contribute passionately to the organization's goals while continuously developing my expertise in the field of Management Information Systems.

### Education:

- **Bachelor's degree in Management Information Systems “MIS”**, The Hashemite University, 2020-2024.

### Work Experience:

#### ➤ Social media (freelancer), 2022-2023.

- Crafting captivating and compelling content across diverse social media platforms, encompassing text, images, videos, and graphics.
- Community Management; Building and managing an active and engaged online community by responding to comments, messages, and inquiries in a timely and professional manner.
- Demonstrate negotiation and tactful dealing skills by dealing with suppliers and customers.

#### ➤ Volunteer at the Hashemite University , 2021-2023

- Providing advice and guidance to younger colleagues about coursework and choosing a major.
- Demonstrated leadership and teamwork skills while managing a group of volunteers.
